## Construction:

Milly Cardigan is knitting starts at the neckline edge and continue to the body, worked seamlessly from the top-down. Pick up stitches for the front band. This pattern consists of two main sections. The written instructions are provided from page 5 to page 24, and for those who prefer working with charts should begin from page 25.

## Gauge / With 3.5 mm needle :

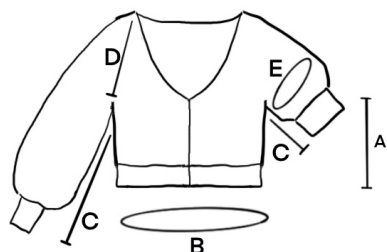

25 sts and 31 rows = 10 x 10 cm / 4 x 4" in stockinette stitch after blocking.

Recommended ease: 5 cm+ / 2"+

To pick your size, I recommend making a swatch with your yarns, then check your gauge and adjust needle size accordingly, measure around your full bust, then add your desired ease. Pick the closest size from the finished bust circumference.

## Size:

1 ( 2, 3, 4 ) ( 5, 6, 7, 8 ) Sample shown in Size 1 with 7 cm/2.75" positive ease.

In my sample, there are three buttonholes, but you can increase the number based on your garment's length. It's suggested that the bottom buttonhole is placed at least 2.5 cm/1" from the end of the hem.

Next Row (RS): \*k to M, RM, yo, ssk, rep from \* , the number of repetitions depends on the quantity of your buttonholes. Then k to end.

Next Row (WS): p to end.

BO with I-cord bind off method.

### Finishing

Weave in ends and wet block to measurements. Gently pull by hand to enhance the curvature of the wavy edge.

Regarding blocking tips of the wavy edges, you can refer to the latter part of the Scrunch Stitch video: <https://youtu.be/pnah9IEPBIs?si=MB6pCeYnAtDRNNGY>

Sew buttons onto the corresponding position of each buttonhole on the left front.

### Chart K

For sizes 1, 3, 6, 8 only

The diagram shows a 2D lattice of points with horizontal and vertical bonds. A red box highlights a 10-sts repeat unit, which is a 5x4 grid of points. The lattice is divided into four quadrants by a vertical line at the 5th column and a horizontal line at the 5th row. The top-right and bottom-left quadrants are shaded gray. The red box covers the top-left and bottom-right quadrants. The lattice is labeled with row indices 1, 3, 5, 7, 9, 11, 13, 15, 17, 19 on the right side. The red box is labeled '10 sts repeat' at the bottom.

For sizes 2, 4, 5, 7 only

Diagram illustrating a 10-sts repeat unit in a 2D lattice. The lattice is composed of 10x10 squares. Red boxes highlight two 5x5 regions. The top-left 5x5 region contains symbols: top row (empty, empty, circle, triangle, empty), second row (empty, circle, triangle, empty, empty), third row (empty, empty, empty, triangle, circle), fourth row (empty, circle, triangle, empty, empty), fifth row (empty, empty, empty, circle, triangle). The bottom-right 5x5 region contains symbols: top row (empty, empty, circle, triangle, empty), second row (empty, empty, circle, triangle, empty), third row (empty, empty, empty, triangle, circle), fourth row (empty, circle, triangle, empty, empty), fifth row (empty, empty, empty, circle, triangle). The bottom-right 5x5 region is labeled "10 sts repeat".
